| <p>Sarah Hall Research Assistant to Dr. Beresin Massachusetts General Hospital McLean Hospital</p> | Community outreach, psychiatry research |

PRIMARY TEACHING FACULTY

Steven Ablon, M.D.
MGH

Psychoanalysis, psychotherapy, affect, play, self-esteem, dreams, twins

Stuart Ablon, Ph.D.
MGH

Psychotherapy outcome research, psychotherapy, group therapy

Annah Abrams, M.D.
Consultation Service
MGH

Pediatric hematology-oncology (treatment of psychiatric disorders in children with cancer and children of parents with cancer)

Alexandra Adams, L.I.C.S.W.
MGH

Treatment of adolescents with chronic illness, domestic violence, child abuse and neglect, ethnicity and the cultural aspects of treatment, adolescent pregnancy and parenting

Blaise Aguirre, M.D.
Attending, Acute Residential and Partial Hospital
McLean Hospital

Acute, partial and residential treatment

Mark Alexakos, M.D.
Attending, Acute Residential and Partial Hospital
McLean Hospital

Partial hospital treatment, community psychiatry, school consultation, public policy

Craig Allen, M.D.
Director, Child and Adolescent Psychiatry
Franciscan Children's Hospital

Traumatic brain injuries, mental retardation, developmental disabilities

Barry Anechidarico, L.I.C.S.W.
Arlington School
McLean Hospital

Assessment and treatment of sexual disorders

Catherine Ayoub, R.N., Ed.D.
Children and the Law Service
MGH

Legal mental health issues with children (in particular, traumatized children), child sexual abuse, Munchausen by Proxy, children with chronic illness, children at risk, prevention programming

Lee Baer, Ph.D.
Director, Psychology Research Training
Director, Biostatistics Unit
MGH

Treatment of obsessive compulsive disorder, computer applications in clinical psychology and psychiatry, behavior therapy

Richard Barnum, M.D.
Director
Boston Juvenile Court Clinic

Forensic consultation process, juvenile delinquency, child abuse and neglect

Frank Bartolomeo, L.I.C.S.W.
Director, Child Outpatient Group Program
McLean Hospital

Forensic evaluation, group treatment with a variety of patient populations

Margaret Bauman, M.D.
Attending Pediatric Neurologist
MGH and Shriver Center for Mental Retardation

Neuroanatomical abnormalities in Early Infantile Autism, developmental neuroanatomy, clinical outcome in children with infantile apnea, learning disabilities

Christopher Bellonci, M.D.
McLean Hospital and Walker Home and School

School consultation, psychotherapy

Suzanne Bender, M.D.
Consultation Service

Pediatric gastroenterology and psychiatric, issues, teaching psychotherapy to residents

PRIMARY TEACHING FACULTY

Joseph Biederman, M.D.

Chief, Pediatric Psychopharmacology
MGH and McLean Hospital

Attention deficit disorder in children, adolescents and adults, obsessive-compulsive disorders in children and adolescents, high risk studies of children of parents with major psychopathology, pediatric psychopharmacology, pharmacotherapy of juvenile anxiety disorder, novel pharmacological approaches to ADHD

Ellen Blumenthal, M.D.

MGH

Psychoanalysis, psychotherapy, eating disorders, gender identity disorders

Emily Boland

Acute Child and Adolescent Services
McLean Hospital

Adolescent psychopathology, family therapy

Jeffery Bostic, M.D., Ed.D.

Director, School Consultation Service
MGH

School consultation techniques, pediatric psychopharmacology, mood disorders in children, classroom techniques for children with psychopathology

Allen Brown, Ph.D., J.D.

Law and Psychiatry Service
MGH

Mental health law and policy, cultural competence in psychiatric practice, racial and cultural issues in child custody determinations, assessment of dangerousness, forensic neuropsychology

Lucianne Cahen, M.D.

Child and Adolescent Consultant
Spaulding Rehabilitation Hospital

Psychiatric aspects of medical conditions in children, adolescents and families

Thrassos Calligas, M.D.

Psychiatrist-in-Charge, Inpatient Unit
Franciscan Children's Hospital

Inpatient treatment, residential treatment, psychotherapy, PTSD, eating disorders

Linden Cassidy, M.D.

MGH

Community psychiatry, psychotherapy consultation to outpatient pediatricians and primary care providers

Michael J. Cauley, Ph.D.

Director, Camp Bunker Hill & Afterschool Program
MGH

Child behavior, group therapy, children's self-esteem, depression and anxiety

David Chedekel, Ed.D.

Chief Psychologist
Shriner's Burns Institute

Psychological adaptation of adolescent burn victims, body image issues in burn patients, PTSD in burned children, psychological effects of learning disabilities on adolescent development, long-term adjustment to disfigurement and disability, psychotherapy

Andrew Clark, M.D.

Children and the Law Service
MGH

Forensic child and adolescent psychiatry

Bayard Clarkson, M.D.

MGH and McLean Hospital

Affective illness, particularly intergenerational issues, adolescent development, longitudinal studies in child and adolescent psychiatry, psychoanalysis, psychotherapy

Barbara Coffey, M.D.

Co-director, Pediatric Psychopharmacology and Tourette's and Movement Disorders Clinic
McLean Hospital

Pediatric psychopharmacology, Tourette's syndrome and comorbidity, psychoanalysis, psychotherapy, anxiolytics in child and adolescent psychiatry

PRIMARY TEACHING FACULTY

Donald Condie, M.D.
MGH

Forensic psychiatry, effects of child abuse and neglect, post-traumatic sequela of child abuse/child mistreatment, contested custody litigation/mediation, general hospital response to suspected child maltreatment, psychopharmacology for abused/neglected children, dissociation

Genevieve Coyle, L.I.C.S.W.
MGH

Family and couples therapy, substance use

Alice Curnin, L.I.C.S.W.
MGH

Treatment of children and families coping with chronic illness, assessment and treatment of children with developmental delay and/or learning problems, psychotherapy and women's issues

Christine Darsney, Ph.D.
Children and the Law Service
MGH

Trauma, sexual and physical abuse, forensic child and adolescent psychiatry, high conflict divorce, juvenile delinquency

Sandra DeJong, M.D.
McLean and Newton Wellesley Hospitals

Psychotherapy, outpatient psychiatry, developmental disabilities, neuropsychiatry

Robin Deutsch, Ph.D.
Children and the Law Service
MGH

Forensic child and adolescent psychiatry

Alysa Doyle, Ph.D.
MGH

Cognitive and behavior therapy, developmental neuropsychology, psychiatric genetics, ADHD, conduct disorder, learning disorders

Rob Doyle, M.D.
MGH and McLean Hospital

Pediatric psychopharmacology

Emma Draidman, Ph.D.
Franciscan Children's Hospital

Neuropsychology

Stephen Durant, Ed.D.
Coordinator of Child Psychology Training
MGH

Child and adolescent psychotherapy, child trauma, psychological testing, family and couples therapy, father-son relationships

Ellen Feldman, L.I.C.S.W.
MGH

Child abuse, clinical social work in a pediatric hospital setting

Lynda Field, Ph.D.
Children and the Law Service
MGH

Cross cultural issues, child welfare, trauma

Anne Fishel, M.D.
Director of Couples and Family Therapy
Department of Psychiatry
MGH

Family and couples therapy

Linda Forsythe, M.D.
MGH

Psychopharmacology, community psychiatry, family development psychiatry including adoption/foster care, treatment of ADHD through life cycle, environmental vs. genetic risk factors for ADHD, training mental health professionals in areas of adoption adolescent depression

PRIMARY TEACHING FACULTY

Thomas Frank, M.D.
MGH

Social psychiatry, consultation as a form of community psychiatry, the use of education & empowerment approaches for work with children in schools and community agencies, childhood autism, psychotherapy

Jean Frazier, M.D.
Director, Outpatient Psychiatry
Director, Pediatric Psychotic Disorders
McLean Hospital

Pediatric psychopharmacology, child psychosis, childhood Bipolar Disorder, developmental disabilities, neuroimaging, studies of children with major mental illness

Miriam Friedin, M.D.
McLean Hospital

Psychotherapy

Alicia Gavalya, M.D.
MGH

Psychoanalysis, psychotherapy, short-term dynamic psychotherapy

Barbara Geller, L.I.C.S.W.
Clinical Social Work Supervisor
McLean Hospital

Treatment of children and families with severe psychiatric impairment, female adolescence

Daniel Geller, M.D.
Co-director, Pediatric Psychopharmacology
Director, OCD Clinic
McLean Hospital

OCD/Tic Disorder, psychopharmacology, developmental disabilities

Kristine Girard, M.D.
MGH

Psychopharmacology, PDD, bipolar disorder, ADHD, ADHD comorbidity

Peter Gherardi, M.D.
McLean Hospital

Psychopharmacology, psychotherapy, school consultation

Richard Ginsburg, Ph.D.
MGH

Group psychotherapy, exercise in obesity, sports psychology and character in sports

Ross Greene, Ph.D.
MGH

Child behavior and cognitive therapy, relaxation techniques, attention deficit disorder

Lynn Grush, M.D.
MGH and Franciscan Children's Hospital

Perinatal psychopharmacology, infant psychiatry, developmental disabilities

Alexandra Murray Harrison, M.D.
MGH

Change process in psychotherapy and in normal development, videotape in study of psychotherapeutic process in play therapy, evaluation and treatment of families of preschoolers using videotape

Barbara Hauser, L.I.C.S.W.
Director, Family Service Clinic
Middlesex Probate Court

Effects of divorce on children, inter-parental conflicts, intervention programs related to child access, child custody evaluations

Kenneth Herman, Ph.D.
Director, Children and the Law Service
MGH

Child clinical evaluation and treatment, forensic pediatric mental health

PRIMARY TEACHING FACULTY

Karen Monroe, M.D.
MGH

Psychotherapy, evaluation and treatment of the gifted child

Anna (Nina) Muriel, M.D.
MGH

Consultation-liaison psychiatry, psychotherapy, Cancer Center

Michael Murphy, Ed.D.
MGH

Child abuse prevention, psychosocial aspects of pediatrics, psychosocial screening in pediatrics, early intervention with high risk populations, child hunger and school breakfast, effects on development of severe psychosocial stress and poverty

Steven Nickman, M.D.
Director, Adoption and Custody Unit
MGH

Adoption and custody, childhood bereavement, psychological aspects of adoption, loss, change of caretaker and disclosure, psychotherapy

Gil Noam, Dipl. Psych., Ed.D.
Director, Laboratory of Developmental Psychology and Developmental Psychopathology, McLean Hospital
Director, Rally Program, Taft School

Developmental patterns of stress and the self, developmental psychopathology and prevention, child development, longitudinal follow-up of child psychiatric patients, school consultation

Jane O'Brien, M.D.
Medical Director and Director of Genetics
Franciscan Children's Hospital

Clinical genetics

Jacqueline Olds, M.D.
MGH and McLean Hospital

Inpatient management of children and adolescents, use of children's religious ideas in their psychiatric evaluation, patterns of collaboration in successful marriages, psychoanalysis, use of humor in therapy, effects of loneliness on physical and emotional health

Silvio Onesti, M.D.
McLean Hospital

Psychoanalysis, psychotherapy, evaluation of the effectiveness of child psychiatric intervention on pathological factors in children, adolescents and families, identification of high risk factors in children and adolescents who develop psychopathologic disorders

Eileen Ouellette, M.D.
Attending Pediatric Neurologist
MGH, McLean Hospital and Shriver Center for Mental Retardation

Fetal alcohol syndrome, febrile seizures

Hector Parada, MD
Staff Child Psychiatrist
Department of Psychiatry
MGH

Cross cultural psychiatry; studies of Latino immigrant families

Asha Parekh, M.D.
McLean Hospital

Pediatric psychopharmacology

Ranna Parekh, M.D.
Attending, Inpatient Unit
North Shore Medical Center

Transcultural psychiatry, family therapy

Bina Patel, M.D.
MGH

Pediatric consultation, early child development, prevention (Bright Futures in Practice: Mental Health Task Force), clinical child psychiatry, clinical administration

PRIMARY TEACHING FACULTY

David Perna, Ph.D.

Coordinator, Anger Management Outpatient Program
McLean Hospital

Cognitive and behavioral interventions for youth with difficulties modulating anger and affect, school liaison, psychotherapy, intensive outpatient treatment/anger management

Jeff Pickar, Ph.D.

Learning Evaluation Clinic
Coordinator of Outpatient Child and Adolescent Psychology and Education
McLean Hospital

Children of divorce, child custody, psychological testing, learning disabilities

Joseph Powers, Ph.D.

Director, Group Therapy Program
McLean Hospital

Group dynamics—social intervention, psychodrama, observation of groups and organizations, feedback to families and couples systems, hospital based group therapy

Laura Prager, M.D.

Director, Child and Adolescent Emergency Services
MGH

Emergency room psychiatry, consultation to pediatric endocrinology, lung transplant, gender identity issues, psychoanalysis

Roberta Pressman, Ed.D.

MGH

Family therapy, coping in families where there is acute or chronic illness, couples therapy where one or both members have a character disorder and/or history of sexual abuse

Jefferson Prince, M.D.

Director, Child Psychiatry Outpatient Clinic
North Shore Medical Center

Psychopharmacology, characterization of ADHD, mood, anxiety and substance use in children, adolescents and adults

Michael Rater, M.D.

Medical Director, Acute Residential and Partial Hospital Program
McLean Hospital

Residential treatment, child psychoanalysis, psychotherapy

Jennifer Rathbun, M.D.

MGH

Psychotherapy, biological correlates of early behavior and interaction patterns, infant sleep-growth patterns, sex differences, microanalysis of interaction, early depression, psychotherapy, sex differences, caloric intake in infancy

Paula Rauch, M.D.

Chief, Pediatric Consultation Service
MGH

Psychological adaptation in medically ill children, coping strategies in children and young adults with cystic fibrosis, supporting families with parents critically ill from cancer, psychosocial functioning in children with dermatological illness, teaching development to medical professionals

Lee Reich, Ph.D.

Learning Evaluation Clinic
McLean Hospital

Neuropsychological testing and interpretation results, with emphasis on educational learning disabilities and treatment

Elizabeth (Lisa) Robinson, M.D.

MGH

Psychotherapy and the intersection of psychodynamic/psychoanalytic concepts with pharmacotherapy, women's health

John Rodolico, Ph.D.

Coordinator, Adolescent Substance Abuse Program
McLean Hospital

Substance abuse, adolescent psychopathology, addiction from a developmental perspective, motivational interviews with adolescent substance abusers

PRIMARY TEACHING FACULTY

Daniel Rosenn, M.D.
McLean Hospital

Obsessive-compulsive disorder, emergency psychiatric treatment, Asperger's Disease, psychotherapy, pervasive developmental delay

Audrey Rubin, M.D.
Assistant Director, Child Outpatient Clinic
McLean Hospital

Crosscultural psychiatry especially, Cambodian refugees and sequela of trauma in Cambodian communities, psychotherapy, outpatient diagnosis and treatment of children and adolescents

Steven Schlozman, M.D.
Consultation Service
MGH

Consultation to Liver Transplant Team, psychotherapy, psychiatric education, school psychiatry, consultation psychiatry, psychiatry and literature, history of psychiatry

Lawrence Selter, M.D.
MGH

Consultation-liaison to pediatrics, psychotherapy diagnostic evaluation supervision

Elinor Siner, M.D.
MGH and McLean Hospital

Psychoanalysis, psychotherapy, outpatient child psychiatry

Lois Slovik, M.D.
Supervisor
Department of Psychiatry
MGH

Family therapy, illness in the family, interface between medicine, pediatrics, and DSM III for family therapy

Richard Small, Ph.D.
Executive Director
Walker Home and School

Cognitive behavioral treatment with emotionally disturbed children, policy issues, intervention in the treatment of seriously emotionally disturbed children and their families

Andra Sobran, L.I.C.S.W
Clinical Social Worker
MGH

Treatment of adolescents with chronic/severe illness, domestic violence, child abuse/neglect, ethnicity and the cultural aspects of treatment, adolescent pregnancy and parenting, treatment of patients and families with traumatic illness or injury

Linda Specht, M.D.
Franciscan Children's Hospital

Pediatric neurology

Thomas Spencer, M.D.
Assistant Director, Pediatric Psychopharmacology
MGH

ADHD in children, adolescents and adults, Tourette's disorder, psychopharmacology, epidemiological studies of childhood disorders (family-genetic, high risk)

Laura Steele, MD
Staff child psychiatrist
Massachusetts General Hospital
Department of Psychiatry

psychotherapy; child psychiatry training for general psychiatry residents

Andrea Stern, M.D.
MGH

Consultation psychiatry, psychotherapy

Frederick Stoddard, M.D.
Chief of Psychiatry
Shriner's Burns Hospital

Consultation-liaison psychiatry, coping and psychopathology in children, PTSD in children, mood disorders and suicide, anxiety and pain management, financing psychiatric services, psychiatric care of injuries in childhood, pain, ASD/PTSD, depression, body image, ethics, plastic surgery, staff stress

PRIMARY TEACHING FACULTY

Andrew Stromberg, M.D.

Psychiatrist-in-Charge, Inpatient Unit
Franciscan Children's Hospital

Inpatient treatment, child and adolescent diagnostic issues, psychopharmacology, treatment planning on inpatient child and adolescent units

Eva Szigethy, PhD, MD

Children's Hospital

Depressive disorders and physically ill children

Carol Taylor, Ed.D.

MGH

Prevention of childhood physical and sexual abuse, enhancing the legal rights of children who are abused and neglected, life-span development of social responsibility, psychotherapy

Martin Teicher, M.D.

Chief, Developmental Psychopharmacology,
Psychiatric Research Laboratory, Mailman
Laboratories for Psychiatric Research
McLean Hospital

Developmental neuropharmacology of monoamine systems, biological rhythms and depression, locomotor activity in children and adolescents, psychopharmacologic treatment of affective illness and psychosis, effects of early abuse on brain development, diagnosis and treatment of seasonal affective disorder

Kathleen Trainor, Ph.D., L.I.C.S.W.

McLean Hospital

Cognitive and behavior therapy, biofeedback

Arthur Valenstein, M.D.

McLean Hospital

Psychoanalysis, psychotherapy,
psychophysiological research: stress and
adrenocortical functioning

James Waxmonsky, M.D.

Pediatric Psychopharmacology Clinic
MGH

Pediatric psychopharmacology

Sharon Weinstein, M.D.

Co-director, Medical Student Education in
Child and Adolescent Psychiatry
McLean Hospital

Outpatient diagnosis and treatment,
psychotherapy

Timothy Wilens, M.D.

Pediatric Psychopharmacology Clinic
MGH

Psychopharmacology, drug metabolism and EKG studies in children and adolescents, ADHD in children, adolescents and adults, developmental neurobiology and its relationship to psychiatric disorders in children and adolescents, correlates and developmental antecedents of comorbid mental illness and addictions, drug efficacy studies in OCD in children

Anna Kris Wolff, M.D.

MGH and McLean Hospital

Psychoanalysis, psychotherapy, child development

Janet Wozniak, M.D.

Pediatric Psychopharmacology Clinic
MGH

Consultation-liaison psychiatry, pediatric psychopharmacology, PTSD, bipolar disorder, ADHD
